THE VENUE - WILD CABARET

Wild Cabaret has been designed to embrace a bygone era with dim lighting, sumptuous velvet, flashes of gold and the sparkle of stage lighting. Wild Cabaret has been created to allow you to escape in lavish surroundings and indulge in spectacular entertainment with a custom made stage and beautiful bespoke bar area.

Our restaurant comfortably sits 130 for dinner, 145 in a theatre layout and 150 for a drinks reception. Each space is flexible and can be set to accommodate a variety of different layouts and functions.

In addition to the beautiful restaurant we also boast top class sound and lighting system, a dedicated green room and changing facility available to performers.

THE VENUE - WICKED LOUNGE

The Wicked Lounge is a stunning late night music lounge that has been created with hints of a vintage speakeasy but with a sophisticated modern décor and ambiance. During the day the huge windows let the sunlight flood in, and in the summer the doors are open to let the warm breeze pour over you.

A floor level stage area breaks down the barrier between the performer and the audience creating a dynamic flexible space for music and dancing.

The lounge has a capacity for 150 for a drinks reception, cocktails and canapés. Our booths can accommodate groups of up to 15 and the floor space is flexible.

Our cocktail list has been carefully created by our skilled bartenders to include a range of delicious house cocktails, martinis and G&Ts. We also have an extensive list of wine, spirits and beer.

Speak to us about creating a signature cocktail for your event.

Glasgow is a city of great musical talent and we have the best bands and musicians to swing and bop to or to create a sophisticated ambience chill and sip champagne.

We have wowed previous clients including BBC, MTV and Heineken.
